Sakshi Sachin Jadhav

Full-Stack | MERN | TypeScript | UI Developer | 3+ Years of Experience | Immediate Joiner

sakshisjadhav.120@gmail.com +91 9822949823 LinkedIn GitHub Portfolio

Professional Summary

Versatile Full-Stack and UI Developer with 3+ years of experience engineering high-performance B2B SaaS platforms and B2C web applications using modern frontend frameworks and scalable backend systems. Proven track record of delivering reliable end-to-end software solutions with seamless user experiences in fast-paced environments.

Professional Experience

Umar Zone Infotech (Remote), Full-Stack Web Developer **06/2025 – 09/2026** | Mumbai, India
- Developed 35+ responsive, production-ready web pages and reusable components with scalable UI architecture and loading skeletons. Built frontend features in a micro-frontend architecture.
- Architected a multi-tenant headless B2B SaaS CMS using React.js, Next.js, Angular, TypeScript and Node.js, enabling modular template customization across 10+ client websites.
- Worked on 9XGO, an OLX-like multi-service marketplace platform for businesses and professionals; used Git & GitHub for version control & collaboration. Contributed throughout the SDLC, from development to deployment.
- Built user onboarding, authentication, authorization, and newsletter/email notification features.

Mindfull (On-site) Project-Based Contract, Web Developer **04/2025 – 05/2025** | Pune, India
- Took complete ownership of the front-end architecture for a B2C real-estate platform, translating Figma wireframes into scalable, responsive React components and integrating secure Razorpay payment workflows.
- Collaborated with designers and deployment teams to successfully launch the website.

goflowww (On-site), Frontend Developer **02/2024 – 03/2025** | Pune, India
- Engineered B2B SaaS HRMS, Accounting, and Mail modules using React.js, Vue.js, Angular, Node.js, building RESTful backend services for secure, real-time data integration. Reduced initial bundle size and page load time by 40% by implementing React lazy loading, dynamic imports, and route-based code splitting.
- Built real-time attendance tracking and analytics dashboards, streamlining daily reporting workflows and reducing data entry errors by 25%.

Banao Technologies (Remote) Contract, Frontend Developer **01/2023 – 01/2024** | Bengaluru, India
- Developed 20+ modular, responsive, reusable UI using React.js, Angular, Node.js with cross-browser compatibility.
- Integrated REST APIs and optimized frontend performance for scalable, high-quality user experiences.

Skills

Frontend
HTML5, CSS3, Tailwind CSS, Bootstrap, MUI

Frameworks / Libraries
React.js, Next.js, Vue.js, Angular, React Native

State & APIs
Redux Toolkit, Redux, Context API

Languages
JavaScript (ES6+), TypeScript, Python, C#

Backend
Node.js, Express.js, .NET, Java, Python

Database
MongoDB, SQL, Firebase, PostgreSQL

Tools
Git, GitHub, VS Code, Postman, Render, Vercel

Fundamentals
OOP, Data Structures & Algorithms

Projects

Jobsy , Build a Full-Stack Job Portal App with MERN Stack, Firebase
- Implemented secure auth architecture with HTTP-Only cookies, dual-token JWT rotation, Google/Phone OTP auth, multi-step onboarding, and a 70%+ profile completeness algorithm to boost application quality.
- Developed Student & Recruiter dashboards for profile management, job posting, applications, and status tracking.
- Implemented resume upload using Multer + Cloudinary with secure storage and recruiter download functionality.

StreamSphere , Video Discovery & Personalization Platform | MERN Stack, Context API, RapidAPI, Tailwind CSS
- Implemented JWT authentication, user profiles, Watch Later feature, likes, viewing history, & user-created playlists.
- Built RESTful APIs and reusable React components with Context API for user authentication, playlists, watch history, saved videos, and dynamic video search.

Education

Deogiri Institute Of Technology And Management Studies , **06/2019 – 04/2022**
B.Sc. (Computer Science) Chhatrapati Sambhajinagar, India

Certifications & Achievements

- **ISRO Certification:** Overview of Geoprocessing Using Python
- **State-Level Competitive Programming:** Active Participant in C-Language Programming Maniac
